Who We Are

*We are Maximus
Federal Services. We are
experts on appeals.
Medicare hired us to review
the file and decide if the
health plan made the correct
decision. **We work for
Medicare.** We do not work
for the health plan.*

RE: Part C QIC IRE Data September 2019-September 2021

Dear Ms. Williams:

Maximus Federal Services (Maximus) has received your request for data related to the above-referenced time period. Specifically, you asked for information concerning how many beneficiary appeals we have reviewed in this time period appeal that were not fully favorable to the appellant and were not dismissed on procedural grounds. We have gathered this data and can report that we have 189,099 appeals that meet these criteria within the time span requested. This number excludes cases that were dismissed. All of these decision letters are currently housed in the CMS-owned system of record, the Medicare Appeals System (MAS). This system would require individual downloads for each decision letter as bulk extracts from MAS are not possible. I hope this information is helpful. If you need additional information, please let me know.

Sincerely,

Katy C. Hanson, JD PMP, Director, Part C QIC
Medicare Managed Care & PACE Reconsideration Project
